Rep. Jason Chaffetz Chair House Oversight & Gov't Reform 2157 Rayburn HOB Washington, DC 20515 Rep. Elijah Cummings Ranking Member House Oversight & Gov't Reform 2157 Rayburn HOB Washington, DC 20515

Dear Chairman Chaffetz and Ranking Member Cummings:

As racial justice and civil rights organizations, we write to express our support of the recent Federal Communications Commission decision to enact strong and enforceable Net Neutrality rules.

Our organizations are among the more than 100 racial justice and civil rights groups that have called on the FCC to pass strong Net Neutrality rules using its Title II authority. It is critical that the FCC have the legal authority to protect the online digital rights of communities that historically have been marginalized in our society. With such protections, our communities have been able to better participate in our democracy, tell our own stories, strive towards educational excellence and pursue economic success.

We are deeply troubled by Congressional efforts to overturn the Net Neutrality order and to strip the Commission of its legal authority to enforce its Net Neutrality protections under Title II of the Communications Act. This includes efforts to prevent the Commission from enforcing Net Neutrality by defunding the agency.

The Net Neutrality debate has centered on whether the Commission has the authority to enforce Net Neutrality rules that prevent Internet service providers (ISPs) from blocking or discriminating against online content. A federal court ruled last year that the Commission could not ban such online discrimination without reclassifying ISPs as common carriers under Title II. Therefore, the FCC cannot protect Internet users from ISP practices such as blocking, throttling and other types of discriminatory conduct that could arise as the marketplace and technology evolves, without asserting its authority under Title II.

This is why more than four million people have called on the FCC to use its Title II authority to adopt strong and enforceable Net Neutrality rules over the past year.

Accordingly, we respectfully request that you join the millions of digital equality champions and support the FCC's historic decision, and reject any efforts to overturn or weaken the decision. You will be in good company, on the right side of public opinion and history.

Sincerely,
